We take the following items from the Pocahontas *Times* of last week :

When the *Courier-Journal* offered its prizes for the best guess at the vote of last campaign, Mr. Henry Barlow, Edray, made a calculation on which he based his figures for the entire vote of the United States, for which \$10,000 was offered to the nearest guesser. He wrote the amount down in a day-book and forgot it. Now that if he had sent it in, accompanied with the almighty dollars, he would undoubtedly have won the grand

We have considerable sickness in this
neighborhood. Mrs. Maggie Kelly is
lying dangerously ill. Messrs. H. W.
Burgess, J. B. Kennison and Marshall
Peyatt are slowly recovering. Capt. W.
L. McNeil still suffers a great deal from
indigestion and heart trouble, but not-
withstanding the Captain's indisposi-
tion his mind is remarkably clear, and
his buoyancy of spirits and fondness
for a good joke are just as characterstic
of him as ever.

It is with pain that we announce the
death of Mrs. Virginia Peyatt, who
died at her residence here on last Fri-
day morning, the 8th inst., in the 76th
year of her age. Although she had
been in feeble health for a long time her
death, preceded as it was by only three
days sickness, was a shock to the com-
munity. She was greatly attached to
her husband, Mr. Marshall Peyatt,
whose snowy locks and tottering frame
remind us that he must soon join her in
the great beyond. Her married life
covers a period of 57 years, and during
that time she and her husband have
lived most happily. In fact a more af-
fectionate couple never lived. She had
been a member of the M. E. Church,
South, for many years, and was a good
woman, circumpect in all the walks of
life and highly esteemed by all who
knew her. Three children—Mrs. Liz-

The thermometer registered 4° below zero on last Monday morning, and those who have ice-houses are filling them with ice about four inches thick.

The grip is prevailing to an alarming extent throughout this section of country. Every member of some households is stricken with it, one not able to wait upon the other. It clings to its victims with wonderful tenacity, and on the cupboard shelf vials of medicines, cups of boneset and lifeeverlasting, teas and mustard plasters remind one that it requires heroic treatment to loosen its hold. To the dwellings of the well to do and the cabin upon the mountain side our physicians are going day and night administering relief to the afflicted ones. We are glad to state that we have no very serious cases at present.

Mr. Wm. Pritt, who lived a short distance from here, died on last Thursday, the 21st, from paralysis, aged about 65 years. He leaves a wife and several small children. He had been a hard worker during his lifetime, and at such

clearing land had few equals. On the hill sides and on the low lands are small tracts of land from which his sturdy axe removed the heavy timber, and which will ever stand as monuments to his memory.

Mr. D. A. Peck received a letter from his brother, who lives in Nicholas county, stating that John McClung, who lives near him, and who has been in bad health for some time past, had ordered his coffin, and made all necessary preparation for his burial. Mr. McClung evidently has strange notions about things. He might possibly be able to write his name in the dust on his coffin yet before he crosses the dark and rolling river of death.

Subscription papers can be found at the stores of E. H. Moore & Co. and E. I. Holt, soliciting subscriptions of money to build a fence around the McNeil cemetery. This is a move in the right direction. It is something we are nearly all interested in, and something that has been sadly neglected.— We are grieved to see so few names on the papers. there are persons in this community so
lost to a sense of duty to the dead—so
lost to the memory of the sweet ties and

horses and cattle pass in and out at

planted beautiful flowers, disordered
and trampled flat; look at the broken

weeds growing in wild profusion—who
of us can look emotionless, indifferent
and without indignation upon such a
scene? Isn't it a burning shame—a

On last Saturday morning the thermometer registered 12° below zero—the coldest we have had.

For three days last week the Greenbrier river near the mouth of Stamping Creek presented a scene of wonderful activity. There were 40 men engaged in cutting ice and 30 teams hauling it away to the ice-houses. The noise made by the men, horses, wagons, saws, axes and hoes was immense. Great merriment prevailed among the ice-cutters, not one seeming to mind the freezing ice or the cold biting wind, and when an unfortunate one slipped and fell on the ice or into the vat, from which it had been cut, the whoops and yells that were indulged in at his discomfort could be heard for miles up and down the river. Mr. Lee Clark by some mishap or other got wet and his mitten froze to his hand and one of his

point is wide and deep, making it an excellent place to get large quantities of ice. The ice gotten was from 4 to 11 inches in thickness. There was more of it put up this season than we have ever known in the history of ice getting here.

The dread monster death still continues to visit us, taking one here there. Mr. Harvey Curry, an aged and highly respected citizens of Green Bank, died suddenly at his home there on Wednesday, the 24th ult. We have not been able to learn the particulars of his death. His son, Geo. R. Curry, living close here, did not hear of his death in time to attend the funeral obsequies.

Mr. Richard Mathers died at his home near Mill Point, from grip, on Tuesday, the 26th. He was an old man, presumably about 75 years of age, and, though somewhat eccentric, was a good man, possessing many admirable traits of character. He was unmarried and has

workman. His remains were laid to rest in the Marvin Chapel cemetery on last Thursday, the 28th.

A colored woman, the wife of Charlie Sprow, living on Mr. Cameron Clark's place, near town, died on the 26th ult., from a cancerous disease of the stomach, aged about 30 years.

There was considerable excitement here on last Saturday, the 30th, over a law case of John Cleek and Geo. McComb. It seems that a cow belonging to Mr. Cleek had been trespassing on Mr. McComb's lands, and his boy so beat her up with a stick and cut her with a corn cutter that she died soon after from the injuries inflicted. Mr. Cleek sought redress at the hands of the law, and was given a hearing along with McComb before Justice G. R. Curry.—Attorney W. A. Bratton, of Marlinton, appearing for the defendant. With the large number of witnesses on both sides and the fact that the case had gathered to

Curry's office was tramped clear out of sight. After an impartial hearing of the evidence on both sides, the case was decided in favor of Cleek, and a judgment given him for \$25 and costs. McComb, not being satisfied, appealed to a higher Court.

The case of Wade and Williams was also disposed of. K. O. Wade has the contract for keeping in repair and collecting the toll on the road over which John Williams' mail contractor carries the mail from Falling Spring to Academy. Williams refused to pay his toll. These differences were settled by a compromise, Williams agreeing to pay Wade \$25 and the costs.

In the next issue of the INDEPENDENT we hope to see the Groundhog's report of the weather for the next six weeks.

The difference between a weather vane and a prominent Marlinton man is this: The former shifting to the four points of the compass foretells the weather. While the latter shifting to the four points of the compass foretells matrimony.

A colored woman, the wife of Charlie
Sprow, lying on Mr. Cameron Clark's
place, near town, died on the 26th ult.,
from a cancerous disease of the stom-
ach, aged about 30 years.

There was considerable excitement
here on last Saturday, the 30th, over a
law case of John Cleek and Geo. Mc-
Comb. It seems that a cow belonging
to Mr. Cleek had been trespassing on
Mr. McComb's lands, and his boy so
beat her up with a stick and cut her
with a corn cutter that she died soon
after from the injuries inflicted. Mr.
Cleek sought redress at the hands of the
law, and was given a hearing along with
McComb before Justice G. R. Curry.—
Attorney W. A. Bratton, of Marlinton,
appearing for the defendant. With the
large number of witnesses on both sides
and the spectators, who had gathered to
see and hear, there was a considerable
crowd, and the snow in front of Justice
Curry's office was tramped clear out of
sight. After an impartial hearing of
the evidence on both sides, the case was
decided in favor of Cleek, and a judg-
ment given him for \$25 and costs. Mc-
Comb, not being satisfied, appealed to
a higher Court.

We have had a heavy rainfall, which, with the melting snow, has made big waters. The river is breaking over its banks in some places, and grave fears are entertained that property along its course will be damaged ere it subsides.

One of the saddest deaths that has occurred in our town for some time was that of little Herbert, son of Dr. and Mrs. J. A. Larue, who died at his home half past three o'clock on last Saturday morning, the 20th, in the 12th year of his age. The evening before he was unusually cheerful, and did not complain in the least of feeling unwell. The next morning he was lying in the cold embrace of death. Although his health had not been good for some time his death was unexpected at the time and its suddenness a great shock to the whole community. Epilepsy, accompanied by paralysis, was the cause of his sudden death.

the tenderest sympathies of the heart. All day long the house of mourning was crowded with people looking for the last time upon the dear little fellow and trying to console the bereaved ones. His remains were interred in the Oak Grove cemetery on Sunday, the 21st with impressive ceremonies. The bereaved family have the heartfelt sympathy of the entire community. Let them rejoice in the consolation that he is "Safe in the arms of Jesus."

sincerely wish them prosperity and hap-

C. W. Beard, who had a long spell of sickness, is slowly recovering. All the sick in this neighborhood are recovering, with the exception of Mrs. Pinnell, of Mill Point, who is very low, and whose sufferings at times are almost beyond human endurance.

Last week Bob Fitzsimmons pounded Jim Corbett into submission in the prize ring at Carson City, Nev., another revolting exhibition of brutality and immorality that has shocked everybody in the whole country except the pugnacious violators of the law and good morals who engage in it and sanction it. That prize fighting is a growing evil in this country no one can deny, and that its influence is most immoral and debasing no one can deny. It behooves the authorities in every part of the country to be wide awake to this evil and stamp it out at its inception. It is demoralizing and offensive to the spirit of religion and civilization. It should be abolished, and we can help do it by joining in the public opinion that condemns the degrading and brutal practice. If it isn't

it became frightened and threw him, his foot hanging in the stirrup. He was dragged about the place for several minutes before he could extricate his foot. His cries brought a good many persons to the scene of the accident, and he was picked up and carried into a house near by. Dr. F. J. McClintic was sent for and upon examination found two of his ribs broken on the left side and some other slight bruises about the body. His injuries, while very painful, are not regarded dangerous by his physician. He was sent home on a sled, and is getting along as well as could be expected.

To see a cat or dog catching mice is a common sight and we pay but little attention to it, but when a bird, and especially a small one, is found mousing, we at once become interested and regard it as a strange and uncommon thing. J. W. Beard, while having some corn husked recently, noticed a small bird sitting on a corn shuck near by. Thinking strange of it being so near where his hands were at work he watched it and found that it was catching mice. When a mouse was found uncovered by the removal of a corn shock the bird would swoop down on it, hammer it to death with its beak, and fly away with it. In a short time it would return to where the men were at work. And during the time they were engaged in husking corn it followed them from place to place, out of one field into another, killing and carrying

such from place to place, out of one field into another, killing and carrying away mice whenever the opportunity offered. Mr. Beard does not think that it ate the mice but simply carried them a short distance and dropped them. He says he could not make out to what species it belongs. In size it was a little larger than the common bluebird and shaped very much like it. It was swift of wing, and would sight a mouse at a distance of a hundred yards or more.

A yearling deer nearly exhausted from long running ran by M. A. Dunlap one day last week as he was coming down Stamping creek. He gave chase on his horse and pressed it so closely that it sought refuge in a pool of water. He plunged in after it and when close to it took the bridle of his horse and securely lassoed it. He brought it home and gave it to R. K. Burns, who didn't have the pleasure of keeping it but a short time until it died from the effects of the chase.

In the Criminal Court of Fayette county, on the 22nd, Clark Lewis and Albert Voiers, charged with the murder of Chas. Gibson, were found guilty and sentenced to be hung on the 25th of June. The Court had already fixed that day for the hanging of Jerry Brown, who assaulted Mrs. Radford at Deepwater last July. Wilbur Slaughter, implicated in the murder of Gibson, was sentenced to the penitentiary for life. The wife of Gibson confessed to murder in the second degree and her sentence will be fixed later. Quite a number of others belonging to the cut-throat Montgomery gang are under indictment for the murder of Gibson and John Cochran, and it seems probable now that the number of the gang to be hung June 25th will be largely increased. If the Criminal Court keeps up this hot very long the Republican majority in Fayette will soon disappear.

Encouraging Report.

The following report on the condition of the subjects of the Lewisburg Institute was submitted by the committee to the meeting of Greenbrier recently held at Union: The subjects of the Lewisburg

Hillsboro, Pocahontas County, Items.

We are having very dry weather, and some of our farmers are hesitating about sowing wheat, fearing it will not come up. On Wednesday and Thursday of last week the thermometer registered 90 degrees in the shade. Pasture fields are turning brown and the scorching heat of the sun has caused corn cutting to commence two weeks ahead of the usual time.

The re-union of Confederate Veterans at Marlinton on the last day of this month is about all that is talked of here. Big preparations are being made to entertain those who attend, and bands of music, oratory and good things to eat will draw an immense crowd. 'Rah for the re-union and a day of genuine unalloyed pleasure.

The sills and sleepers under the ground floor of the Presbyterian Church have rotted away, causing the floors and gallery supports to sink down. New sleepers and heavy joist sills are now being put in, and all of the wood-work which has given away staunchly replaced.

Wm. Miller, who lives a short distance from here, informs us that one of his hay-stacks was carried off by the wind on last Saturday, the 11th. He was at work in a field near home when a whirl wind started near him with such terrific force that when it reached a hay-stack in its path it lifted the stack from the ground and carried it a considerable distance, scattering the hay all over the ground. The hay was stacked around a pole, which was also wrenched from the ground and carried with the hay. This approaches nearer to a cyclone than any winds we have ever had here.

G. L. Clark, builder and contractor, has just finished a handsome dwelling-house for Geo. Lewis.

A new hotel has been opened near Edray, with D. W. Dover, proprietor.

C. J. Stulting's daughter, Miss Mamie, who has been quite ill with fever, is recovering slowly.

From the signs at present, we will have a wedding to report soon.

A CORRESPONDENT writes us from Morgantown as follows:

The W. Va. University has now an attendance of about 400 students.—There will be at least 500 altogether.

The new president, Dr. Jerome H. Raymond, is a man of great power and ability. He is already immensely popular.

New courses leading to the degrees of Bachelor of Philosophy and Bachelor of Letters have been added, and the regular Classical, Scientific, Engineering, Law, Commercial and Agriculture courses have all been strengthened since last year. One more year of Latin and two more of Greek have been added to the A. B. course, making it one of the highest in the country.

The Greenbrier boys are doing nicely.

Building and Loan Companies.

A case is now pending in our Court of Appeals which is of vital interest to Building and Loan Companies doing business in this State. It went up from Parkersburg where a sale of property was ordered by the Building and Loan Co. for the payment of dues and interest. The plea of usury was put in and the Court of Appeals will, it is said, be called upon to determine whether the Company's contracts made with its stockholders or with those who borrow from it are indeed usurious.

By some building and loan men this is regarded as a test case involving the existence of all the building and loan associations in the State, for none of them can live on simply six per cent. By others it is considered merely a question as to whether the association in this case—a foreign one—has complied with the laws of the State, an opinion of Judge Greer's, delivered some years

On last Tuesday, the 9th inst., our usually quiet little town was wild with excitement when the ringing of bells and shouts of "fire! fire!!" was heard on our streets. After the alarm, it was soon discovered that Dr. F. T. McClintic's house was burning, and there was a general rush to the burning building only to find that the devouring flames were beyond control.—The fire started from a defective flue in the kitchen part of the house and had gotten a big start before being discovered. There was also a terrific wind blowing at the time, which caused the fire to spread rapidly, and to roar and crackle so as to be heard quite a distance. All of the household goods were saved except the kitchen furniture and some canned fruit, wine and other supplies that were in the cellar underneath the kitchen. Owing to the wind it was thought that some stables and the Presbyterian church nearby

Dr. McClintic's property was insured; therefore his loss will not be a heavy one. He had contemplated building before the fire, and had engaged a great deal of his building material. Since his misfortune he has rented the McIlwee and Taylor house, and is now comfortably ensconced in his new quarters. We have been very fortunate in the matter of fires—this one being the third in the history of our town.

One Clinton Mann was arrested at this place recently and lodged in the Marlinton jail on a charge of embezzlement near Danville, Ill. The authorities at Danville were notified of his capture, and last week Deputy Sheriff Sloan, of that place, arrived here with requisition papers and took him back to answer the charge against him.

Mrs. Virginia Sharp and two little daughters, Mary and Ruth, arrived here last week from Wyoming. Mrs. Sharp will spend the winter with her mother, Mrs. A. S. Clark, of this place.

that amount the Captain raised 400 bushels himself.

Joseph McNeil has put up a neat and substantial dwelling house on his place southwest of town, to be occupied by his tenant, Frank Scott.

E. I. Holt has just returned from Lincoln county, where he had been called by the serious illness of his father. He informs us that his father is very low and cannot recover.

The matrimonial market is booming here. On last Wednesday, the 10th, W. C. Morgan and Miss Fannie Hill were united in marriage by Rev. S. C. Morgan, at the residence of the bride's mother, on Hill's Creek; and on the same day, at the residence of the bride's parents on the Greenbrier river, five miles south of here, Mr. —. Ramsey and Miss Myrtle Perry were made one. On last Thursday, Wm. Hartly, with Miss Maggie Sharp leaning on his arm, rapped on Dr. D. S. Sydenstricker's door and asked to be joined together.— The Doctor tied the knot for them in his impressive way, and they left with smiling faces. To each of the happy couples we extend congratulations.

Christmas has come and gone again, and we are standing upon the threshold of a New Year. Will it be one of happiness and prosperity, or one of sorrow and disappointment? Much depends on how we act our part. If we take advantage of the great opportunities it offers of doing good, of rendering ourselves a blessing to society, or in any wise making our lives useful it will certainly be full of sunshine and replete with thrilling pleasures.

We are having some winter weather. On Christmas morning the thermometer registered 4° above zero, and on the night of the same day snow fell to the depth of 4 inches. The snow in the Cranberry country is 10 inches deep and the drifts in many places five feet deep.

Widely known citizens of Pocatongas, was severely injured by a fall of his horse last week, and is still in a precarious condition. He was on his way to mill carrying a bag of grain. Opposite the residence of William L. Brown there is a very steep bank. In riding down this his horse tripped and fell throwing him on ahead and the sack of grain on top of him. It is thought that the horse struck him with an upward motion of his head as he fell. Mr. Hevener set the grain up on the road side and started through the fields to head off the horse which had gone back towards home. He had walked and run a good distance when a neighbor shouted to him that he had caught the horse. Just as he stopped he collapsed, and lay in the field on the cold ground until he could be carried home, and was thoroughly chilled. Mr. Hevener is about seventy years old and the accident was most serious for one of his

of our streets caused great excitement and brought out nearly the whole male population. But while the crowd was making desperate efforts to get to the fire, which was out in the suburbs, Thomas Mann, colored, who lived near Mr. Byrd's, went into the garret and with an axe knocked the burning shingles off into the snow which covered the roof and put the fire out. The loss of a few shingles was all the damage.—The roof caught from fire escaping from an old flue on the inside of the building.

handles with great expertness, she discovered what appeared to be a chunk of wood floating a little under the water. A closer inspection, however, proved it to be a large fish of the bluecat species. Raising her canoe pole which had an iron spike in the end of it she struck at the fish with great force, the spike piercing the fish's head and pinning it to the bottom of the river. With difficulty she ran the canoe ashore without losing her hold upon the fish, which was easily taken from the water as it was about expiring from the effects of the blow. Miss Belle proudly carried it home and found that it measured two feet in length, weighed 17 pounds, and that its head would fill a small-sized frying-pan. This is not a fabrication. Despite the predictions of weather prophets, March up to the present time has given us a great deal of fine weather. Our farmers have done more ploughing and other farm work during the month than we can ever remember of before.

On last Thursday, the 17th, the dwelling house of Mr. Joseph Riley, who lives near Green Bank, was destroyed by fire. There was nothing saved; everything in the house was burned. Mr. Riley's loss will be a heavy one as he carried no insurance. It is thought the fire was of incendiary origin.

On the nights of Monday and Tuesday, the 27th and 28th ultimo, a very strange and unaccountable occurrence took place at the house of Geo. Lewis, who lives about a mile from here. On Monday night about 9 o'clock, while Mr. Lewis and his family and two neighbors (Alvin Burr and C. A. cry whatever. Mr. Lewis was considerably stirred up over the strange visitation and requested Mr. Burr and Mr. Rodgers to be present on the night following. Therefore the same persons assembled in the room Tuesday night. The blinds were tightly drawn and the conversation drifted to the disturbance of the night before. While talking it over Mr. Rodgers remarked that it was about time for the ghost. His lips had hardly closed when the house was jarred so heavily that it trembled all over and strange sounds and dreadful groanings seemed to come from the outside near the windows. Mr. Burr put up one of the window-blinds and looked out, when the dismal noises ceased and he saw what appeared to be a white cloud, shaped like a piano, floating in the air within a few feet of the house. Mr. Burr went outside and called to Mr. Lewis to come and see it, but it faded into nothingness before he reached the door. There was no further disturbance. The veracity of the parties whose names we have given cannot be questioned and they are greatly perplexed and troubled over what they have seen and heard. While we have no solution of it we cannot attribute it to any supernatural agency as some have, and hope that something will develop to clear it up.

On Friday last the unusual spectacle of another sun was seen late in the evening in the western sky. It was separate and distinct from the sun proper and the two went down together behind the mountain tops. This phenomenon some think is the forerunner of war or some great calamity that is to befall the country.

The Sacramental meeting held at the Presbyterian church last Saturday and Sunday was largely attended. Rev. W. T. Price, of Marlinton, assisted Dr. Sydenstricker with the services and preached some excellent sermons.

The relentless monster death has again visited us—taking one here and another there.

On last Friday, the 8th inst., Jacob Simmons died at his home near Williams' river, aged about 65 years. It will be remembered he was subject to kleptomania, and while taking some leather from Ellis McCarty's tannery last fall was apprehended, and from that time he began to decline. The crime together with illhealth and family troubles so preyed upon his mind that he gradually wasted away until death relieved him of his sufferings and his soul winged its flight to the God who gaye it, and whose word teaches there is none perfect; no, not one.

On last Monday, the 11th inst., John Jordan Beard died at his home in Huntersville of la grippe. Mr. Beard was well known throughout the county.—He served a long time as Clerk of the County Court, and held other positions of trust. He was an honest, upright man, an exemplary christian and stood high in the estimation of all who knew him. Space forbids us to give in detail the eventful life of this noble man.

On last Monday evening, the 11th, about three o'clock, that dread disease consumption ended the life of Orin Slaven, who lived near Mill Point. It has been but a short time since he worked in the *Times* office at Marlinton, and was looked upon as a promising young man. He leaves many friends to mourn his loss.

On last Wednesday, the 6th, Jacob Kellison, an aged and highly respected citizen, died at his home on Bruffey's creek. His death resulted from general debility and the ills attendant on old age. He was a useful man in the community in which he lived.

On last Thursday, the 7th, Calvin Spence died at the residence of his brother, G. W. Spence, on Greenbrier river, a short distance from here, of epilepsy, aged about 38 years. His remains were interred in the McNeil cemetery on last Friday.

On last Saturday, the 9th, Mrs. Pet Loury, wife of James Loury, died at her home near Huntersville, aged about 55 years. She was an estimable lady, and leaves many friends and relatives to mourn her loss.

Mrs. Spitzer died at the home of her son, Samuel Spitzer, near Renick's Valley, last week, thus swelling the number to seven persons who have died within one short week. What a strong reminder of the certainty of death and the transient life of man.

"Oh, why should the spirit of mortal be proud?"

Like a swift fleeting meteor, a fast flying cloud,

A flash of the lightning, a break of the wave,

Man passes from life to his rest in the grave."

John Ronan, a young man who attended the public schools here three or four years ago, now belongs to the U. S. army, and is stationed at Key West. Jas. Jordan, of this place, received a letter from him recently stating that the war fever is running high there, and everybody eager for the fray.

From the *Kanawha Gazette's* Martinton letter, dated April 27th, we clip the following:

The only man to enlist so far from this section is Joe Grant, a lumberman, who has been working in the camps on Williams river.

A good many of his friends are trying to get L. M. McClintic, the prosecuting attorney of this county, to run for Congress on the Democratic side but it can be authoritatively stated that he has no aspirations in that way whatever. He would make a very available candidate, and it is thought that if Pocahontas county is to be recognized by a nomination any time soon, it will be through him, as he is something of a power in politics.

This county will in all probability go solid for Judge A. N. Campbell, of Monroe county, for Congress in the Democratic convention. As judge of this circuit he greatly endeared himself to the people, and in 1896 ran ahead of his ticket, receiving a number of

There are fine crops of corn throughout this county. In the Levels there will be a heavier yield than for many years. The wheat that is stacked out has been badly damaged by the rain.—T. A. Sydenstricker hauled 17 loads of rotten wheat away from his ricks, and the sides of nearly all the wheat stacks are green with growing wheat.

Mrs. Ada Payne is very ill with fever. Wm. T. Beard, James Burnside and Geo. Clark are also confined their to homes with sickness.

On Wednesday morning, the 31st ult., Mr. Wm. Hultz and Miss Amanda Bishop were united in marriage in the Methodist Church in this place, by Rev. J. H. Dills. We extend to this young and worthy couple our congratulations, and sincerely wish them a long and happy life.

Withrow McClintic will open up his lumbering business about the 15th of September. He wants to cut about 15 million feet of Spruce pine. It lies in the Williams river country, and is of fine quality.

Mr. Peyatt hasn't been here since he left thirty years ago. His aged father, who has been in failing health for some time, was greatly uplifted to see him. Speaking of Kansas, he says it is a great State, money tolerably plentiful, crops of all kinds unprecedentedly large and the outlook for the future bright. While deploring our not being up to date compared with Kansas, he admits that ours is a highly favored land and people.

Dr. Jas. A. Larew has sold his property here and will leave with his family some time next week for Gainsville, Ga., where he expects to locate during the coming winter, and, if pleased with that section of country, make it his future home. We very much regret that the Doctor, on account of sickness in his family and insufficient remuneration for his professional services, has decided not to remain here. During a residence and practice of twenty-one years he has endeared himself to the people and proven himself to be a physician of wonderful ability. We regard him as the most skillful and successful physician and surgeon we have ever had here. We doubt if we ever have his equal again. As a citizen, as a neighbor, as a contributor to the things promotive of the welfare of the community no one has been more worthy of emula-

the price paid.

Charles Bolton's youngest child, aged about two years, came near being devoured by hogs one day last week. The child was walking about in the lot where the hogs were kept when an old sow attacked him and threw him down, cutting a considerable gash in his face with her teeth. Seven other hogs rushed up, and if it had not been for Willis Hill, who was fortunately close by and ran to the little fellow's rescue, he would have been torn to pieces.

On last Saturday we had a heavy rain fall, followed by some snow. Swago creek was higher than it has been for years. Robert Miller, while trying to cross it with a wagon and two horses, was rapidly carried down by the raging waters, and lodged against a foot log, to which he clung while he cut his horses loose from the wagon. He went out on the foot log and his horses swam a shore. The wagon was badly wrecked and some flour that was in it washed away.

The many friends of James Burnside will be grieved to hear of his death which occurred last week at his home near here on Greenbrier river. Mr. Burnside had been a great sufferer from rheumatism and other complicated diseases for a number of years. During the last year of his illness he was unable to walk, and often had to be turned in his bed, but he never murmured, and bore his great affliction with wonderful fortitude. He was a good citizen, an upright and honorable man, who, during his long sojourn here, so let his light shine that others seeing his good works could not help but profit thereby.—Space forbids us to give in detail the life of this noble man. He was aged about 76 years, and leaves a wife and six children to mourn their loss. He was a brother of Mrs. Margaret Wei-

ing fortunes. They have about sixty horses, and not a few of the good ones were traded for in this county. It astonishes one to think of the number of people who throng the camp for the purpose of trading horses, and putting their knowledge of the same against the wily gypsies, who have followed it from time immemorial. Our people generally make satisfactory trades among themselves, but when they tackle the gypsies they nearly always come out at the little end of the horn. A child was born to one of the women, whose serious illness since has caused the gypsy band to remain here longer than they would have done.
